OUR PHILOSOPHY

The spirit of elegance

Villa & Hôtel Majestic is more than just another luxury residence in the heart of Paris, it offers its guests this unique atmosphere of feeling at home away from home. Your "Pied-à-Terre" provides all the amenities expected from a four star hotel. Without any useless ostentation or show off but on the contrary with efficiency, discretion and respect, we take care of those who trust us. These are the key words of our philosophy.

Smart Consumption

Antoine de Saint-Exupéry used to say: "We do not inherit the earth from our parents but we borrow it from our children".

Inspired by this idea we feel concerned by contributing to the protection of our environment. That is why we have paid a very special attention to the actions to be taken in favour of a sustainable development while maintaining a high level of service. We have selected our suppliers according to their ethic positioning.

Art

Since the creation of our first hotels, our family has always shown an active support to contemporary artists. Today we maintain this tradition by purchasing the works of art displayed at the Villa & Hôtel Majestic. Our "Clefs d'Or Concierge" will be happy to give you an informative booklet on the exhibited artists.
